Sale Of Lots – All Lots catalogued are to be offered for sale by auction and will not be sold privately before the sale. In the event that any private transactions take place following a sale, whilst Lots remain in the sale field they must be notified to the Auctioneers. Such transactions will be treated as a sale of the Lots by the Auctioneers.

Bidding – The highest bidder is the Purchaser. In the event of any dispute, the Auctioneer will determine the buyer, or at his/her discretion re-offer the Lot. The Auctioneers reserve the right to refuse any bid or to refuse entry to the premises. By making a bid, each buyer acknowledges he or she is aware of the Conditions of Sale. In the event of failure to comply with the conditions, the damages recoverable by the Vendor or the Auctioneers from the defaulter shall include any loss incurred on resale, together with commission and expenses in respect of both sales. No person may advance less at a bid than a sum to be named from time to time by the Auctioneers nor be allowed to retract a bid.

Reserve Price – The Auctioneers and/or the Vendor reserve the right to fix a reserve price for any Lot.

Statements – Any statement made by the Auctioneer before accepting any bid shall be deemed to supersede any condition notices, descriptions and statements made elsewhere.

Buyer's Premium – Will be added to the hammer price of all Lots at a rate of 15% plus VAT at the standard rate up to £500 and 5% plus VAT at the standard rate on purchases of £501 or more, unless otherwise stated.

Value Added Tax On Purchase Price – All lots will be subject to VAT chargeable on the hammer price at the standard rate.

Descriptions – All lots will be described to the best of the Auctioneers' ability from information supplied from the Vendors who alone shall be responsible for any errors or miss-statement. The Auctioneers undertake no liability whatever in respect of faults, deficiencies and errors of description, oral or printed, nor do they accept responsibility for the authenticity, genuineness, condition, origin, age, mileage or quality of any lot and no warranties are given or implied, unless stated to be in good working order. All Purchasers must satisfy themselves of the authenticity and condition of the Lots.

Liability – All lots become the responsibility of the Purchaser at the fall of the hammer. The Auctioneers shall not be liable for any expense, loss, claim or proceedings in respect of personal injury to or death of any person arising out of or in the course of or caused by the sale, except to the extent that the same is due to the negligence of the Auctioneers, their assistants or agents.

Payment – All Lots must be paid for in full before they are removed from the site, unless otherwise arranged with the Auctioneers. Payment should be made by bank transfer, cash or card. The Auctioneers reserve the right to charge the Purchasers interest for any unpaid account. If an account remains unpaid and legal action is taken the Auctioneers reserve the right to demand in full from the Purchaser all legal and professional fees owing from such auction.

Reservation Of Title – If the Auctioneers allow the Purchaser to remove the Lot from the site before full payment has been made, then title to the Lot shall remain vested in the Vendor. If the Auctioneers pay the Vendor the price of the Lot before the Purchaser has paid the price to the Auctioneers, title to the Lot shall pass from the Vendor to the Auctioneers and shall remain with the Auctioneers until full payment has been made by the Purchaser to the Auctioneers, when title shall pass to the Purchaser. Notwithstanding that the title has not passed to the Purchaser all risk of damage to the Lot shall pass to the Purchaser immediately upon sale (the fall of the hammer).
